

What is Essity Ventures?

Short introduction

Started in 2020, Essity Ventures is a strategic initiative of the leading global hygiene and health company Essity. As a venture studio and builder, our mission is to break persisting barriers to people's health, hygiene and well-being through the creation of innovative digital business models.

Essity Ventures believes in value creation through collaboration and thus actively seeks partnerships with startups and peers in relevant areas. To learn more about Essity Ventures focus areas and to partner up.

Why partner up?

Gain market & user access

Grow your business through Essity's brand reach and go to market operations

Enter strategic partnership

Enter long-term, growth-oriented partnerships and secure funding/investment through Essity

Leverage Essity's expertise

Get access to Essity consumer, market and category data and apply to drive growth for your solution

Co-create ventures with EV

Jointly explore opportunity spaces on high-friction problem spaces, ideate and prototype corresponding solutions and scale ventures with Essity

The EV Gameboard

Our value creation thesis – simply called the EV Gameboard – defines the opportunity and focus areas of Essity Ventures.

Being in line with Essity’s overall strategy and future growth aspirations, the EV Gameboard sets the scene for venture exploration, validation and scaling of new, innovative business models, in collaboration with startups and other partners who share our vision and focus areas.

Life-stage solutions

POST PARTUM HEALTH

Tools, platforms or services empowering young mothers to manage and improve their postpartum mental and physical health.
